

Course Description

Over 35 million Americans are affected by debilitating headaches. However, the management of chronic daily headaches is usually limited to the use of pharmaceutical medications with a low degree of efficacy.

The goal of this activity is to review the latest evidence-based literature on the treatment of chronic migraines and other headache disorders, and discuss novel alternative methods of headache management. The course will focus on improving patient outcomes by improving their functionality, as well as minimizing their dependence on opioids and visits to the emergency departments.

We will discuss the current classification of headache disorders (ICHD-3 beta), and share algorithms for stepwise management of these challenging cases; ranging from biofeedback and meditation, novel uses of preventive medications, Botox injections, anesthetic peripheral nerve blocks, and surgical decompression of the responsible nerves.

Learning Objectives

- Review of the current definitions of headaches and migraines
- Review of the current literature for medical and pharmaceutical headache therapy
- Review of the indications for escalations of medical management of chronic migraines and headaches
- Presentation of a an algorithmic approach to management of intractable pain in patients with chronic migraines and headaches
- Presentation of the techniques for Botox injection for migraines
- Presentation of peripheral nerve blocks
- Presentation of surgical techniques for nerve decompression
- Discussion of further innovative medical treatments of migraines

Target Audience

This educational program is designed for physicians, physician assistants, and nurses who have expressed interest in learning more about the updates in management of chronic and debilitating migraine headaches.

CME Accreditation Statement

This activity has been planned and implemented in accordance with the Accreditation Requirements and Policies of the Medical Society of the State of New York (MSSNY) through the joint providership of the Westchester Academy of Medicine and Westchester Medical Center. The Westchester Academy of Medicine is accredited by the Medical Society of New York (MSSNY) to provide Continuing Medical Education for physicians.

The Westchester Academy of Medicine designates this live activity for a maximum of 3.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CEU Accreditation Statement

This activity has been submitted to the Emergency Nurses Association for approval to award contact hours. Emergency Nurses Association is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.
